YOUR STORY. OUR STAGE

A BESPOKE 1,800 SQFT STUDIO BASED IN THE FLORENTIA CLOTHING VILLAGE.

Located in North London, we've designed our space with creative flexibility in mind. In addition to the main Studio there is a comfortable green room that doubles up perfectly for hair and makeup and a mezzanine level which is great for a client and crew breakout space. Our camera and lighting rental is available onsite and there is also a camera prep area, two accessible toilets and a shower.

Our state-of-the-art electronic blind system gives you full control over lighting whether you want to flood the studio with bright, natural daylight or achieve complete blackout for more controlled setups, the choice is entirely yours. The studio features a diverse selection of in-house sets, props and textured backgrounds, all of which can be customised and styled to suit your vision.

You're welcome to reimagine our space to fit your project or bring your own props, set pieces and creative team to make it uniquely yours. Whether you're shooting stills, filming, or creating content across multiple formats, Large Format Studios is built to adapt to the way you work.

- 32AMP 3-PHASE POWER

OUR LOCATION

Designed with intention and soaked in the energy of North London's most eclectic creative hub. The studio offers an adaptable, light-filled environment for bold thinkers, image makers, and boundary pushers. Whether you're Photographer, Filmmaker or dreaming up something entirely new, this is where raw ideas meet refined execution.

FOR BOLD THINKERS AND IMAGE MAKERS

TONE: BRIGHT | NEUTRAL | CONTEMPORARY

FACILITIES

The studio features a fully equipped kitchen with; bean to cup coffee, filtered water, fridge/freezer, microwave and oven.

The large mezzanine area that overlooks the main shooting space

A CLIENT AREA

BREAKOUT SPACE

HOT DESKS

CATERING AREA

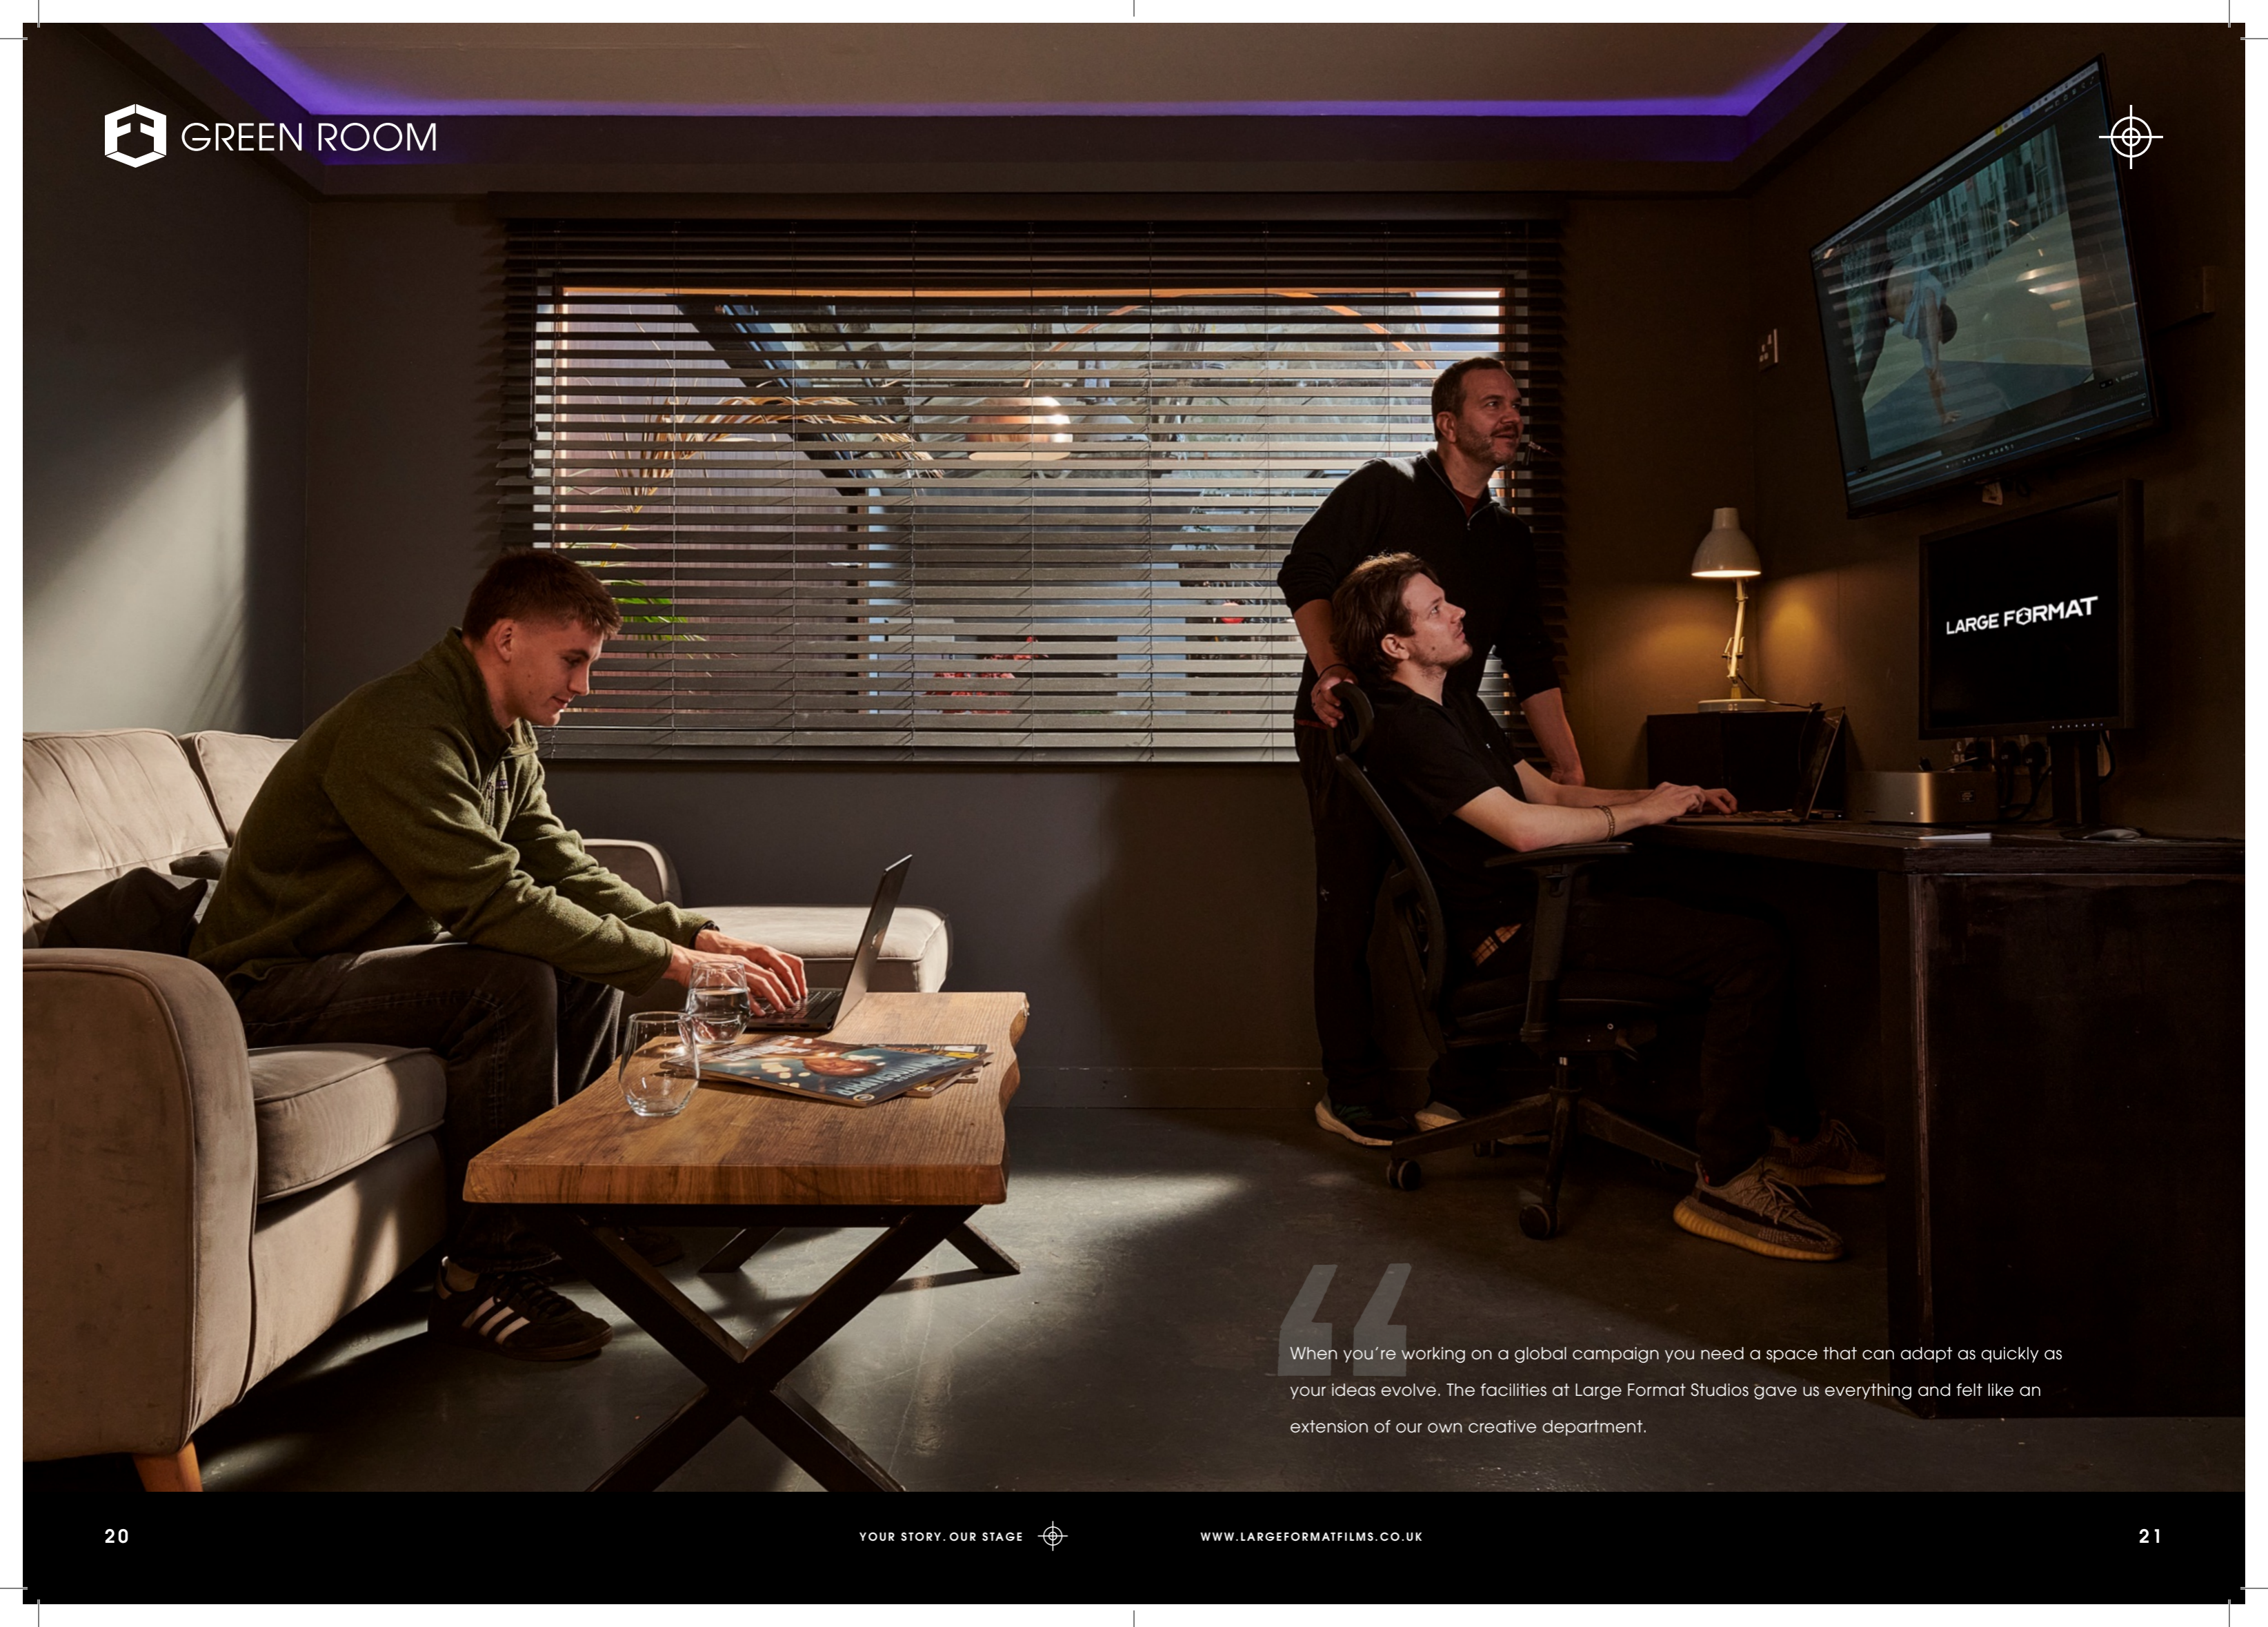

VIEWING AREA WITH MONITOR

This flexible space can be shared between Hair & Make Up and Costume, or used as a green room but it also doubles up as a fully equipped edit suite.

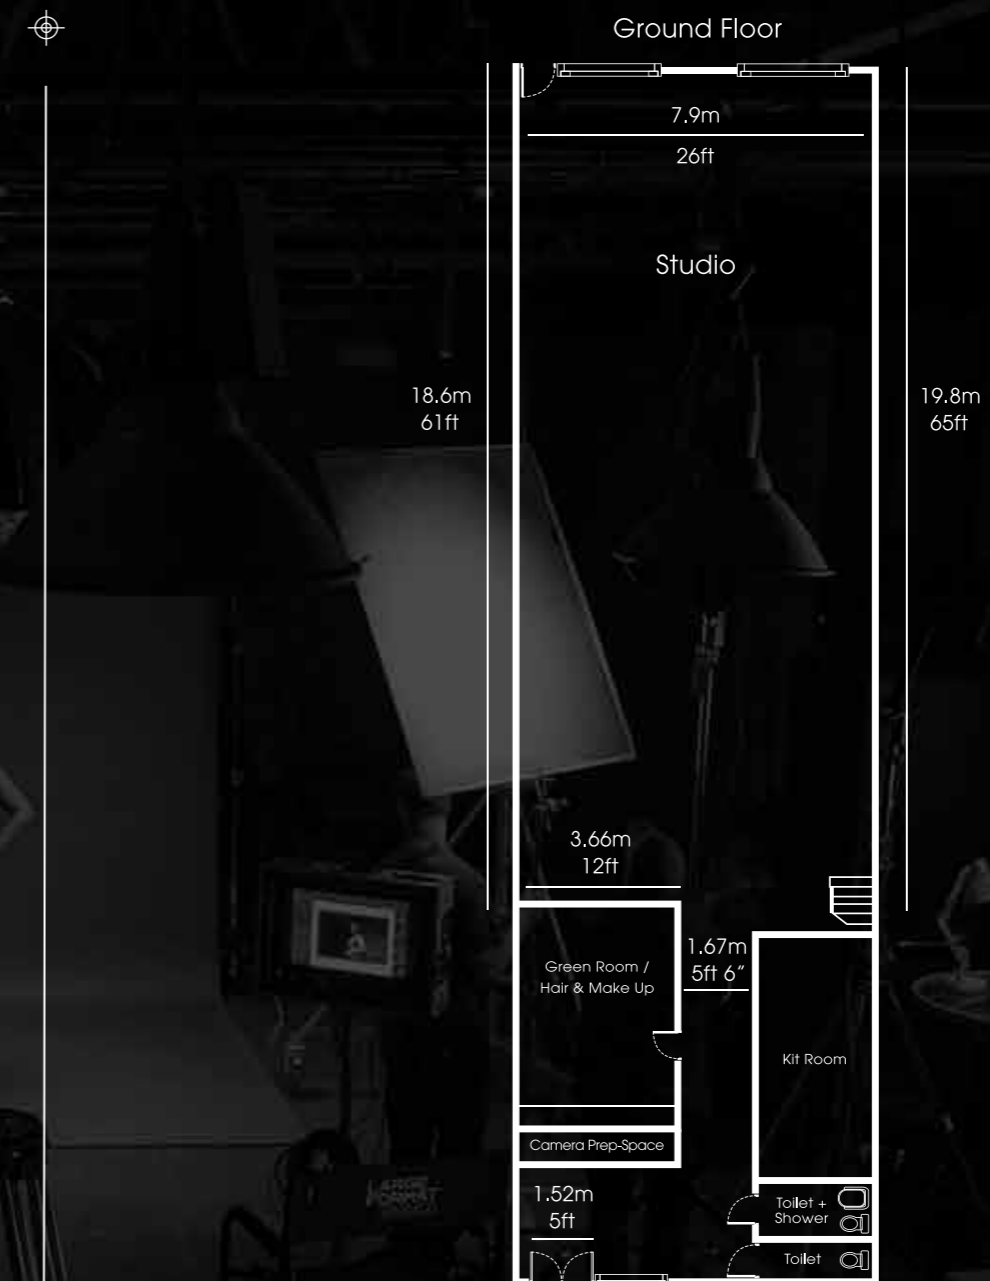

“

When you're working on a global campaign you need a space that can adapt as quickly as your ideas evolve. The facilities at Large Format Studios gave us everything and felt like an extension of our own creative department.

FIRST FLOOR

GROUND FLOOR

CLIENT COMFORT AND CREATIVE SUPPORT

Upstairs, the first floor is tailored for client and crew comfort, featuring a fully equipped kitchen and a stylish dining area perfect for meals or quick breaks. A designated client area offers a quiet space to monitor the shoot, hold meetings, or relax. This thoughtfully designed upper level ensures everyone on set stays comfortable, focused, and connected throughout the production day.

SHOOTING SPACE AND GREEN ROOM

The ground floor is designed for production efficiency, offering a versatile shooting space with ample room for various setups. Whether you're working with natural light or a full lighting rig, the area is easily adaptable to your creative needs. Just off the main space is a dedicated green room, providing a comfortable, private area for talent prep, wardrobe changes, or downtime between takes.

OUR KITCHEN ALLOWS FOR VERSATILITY

with Interchangeable cupboards and worktops that can be easily adapted to suit any shoot.

THE KITCHEN

LONDON'S FIRST FULLY MODULAR KITCHEN.

Our bespoke kitchen setup is designed with total flexibility in mind. Featuring interchangeable cupboards and worktops, it adapts seamlessly to any shoot. Built-in utilities include a sink with running water, an electric oven, and both gas and electric hob options. All housed within the base cabinets allowing you to position them perfectly for camera. The units are mounted on wheels for effortless reconfiguration, each one rotates 180° to reveal a second, fully equipped kitchen set.

The rear wall can also be easily slid to one side revealing an exposed brick backdrop, giving you an entirely different look in seconds. Additional cabinetry, finishes, colours, or styles are available on request, ensuring the kitchen can be tailored to your production's needs.

COMPREHENSIVE CAMERA AND LIGHTING RENTAL AVAILABLE FOR HIRE DIRECTLY FROM OUR STUDIO.

If you can't find something you need on our kit lists, we can arrange for cross hire from one of our partners.

SCAN TO VIEW CAMERA & LIGHTING KIT

CAMERAS, GLASS, ACCESSORIES & LIGHTING ON SET WAITING FOR YOU.

Our kit rental service offers a comprehensive selection of professional grade camera packages tailored to meet the demands of any production, from indie films to high-end commercials. We stock a range of industry standard cameras, including ARRI, RED and Sony, complete with essential accessories like monitors, matte boxes, follow focus systems and grip. Each package is customisable, allowing you to build a rig that suits your specific shooting style and project needs.

FROM SHARP MODERN PRIMES TO CHARACTER RICH VINTAGE LENSES.

In addition to our camera packages, we house an extensive inventory of glass; from sharp modern primes to character rich vintage lenses. This includes our Leica RX's - a bespoke, one of one, ten lens set, superior and unmatched to any other set out there.

Our ever growing lighting rental list covers everything from compact LED panels to powerful HMIs with versatile and comprehensive modifiers, ensuring you have access to whatever you need.

CREW HIRE

OUR IN HOUSE CAMERA AND LIGHTING CREW CAN BE PROVIDED BASED ON THE SPECIFIC NEEDS OF YOUR PRODUCTION, ENSURING CONSISTENCY, EFFICIENCY, AND SEAMLESS INTEGRATION WITH OUR STUDIO WORKFLOWS.

Our experienced team is adaptable to a variety of shooting styles and setups, whether it's a multi-cam studio shoot, tabletop product capture or high end commercial.

We also offer DIT with cart and onsite editors, enabling quick turnaround times for dailies, backup, and immediate playback keeping the creative process agile and responsive.

ADDITIONALLY, OUR STUDIO SET BUILDER CAN PRE-CONSTRUCT SETS PRIOR TO SHOOT DAYS

Significantly reducing setup time and ensuring everything is ready to go when the cameras roll.

For shoots in our kitchen set that require the use of the utilities we can facilitate the operation of the running water and gas hob. Providing technical support and safe operation throughout the production.

PRECISION CRAFTED BY STUDIO EXPERTS

By using our crew, you secure a team of seasoned cinematography and lighting professionals who know our equipment ecosystem in meticulous detail, guaranteeing continuity, creative cohesion, and a fully optimised production pipeline from the first frame to the final cut.
